I have four children and I am terrified to be around my children! and women! scared to work around women! and I cant seem to keep one because they all think im a sex offender! I have a flawless history! No trouble from the law until this happened! I wont get my visitation because I am so afraid of women and children! I had to go see the mental doctor! I need my medication I need instruction on what to do! Judge Russell had better knowledge of my case! If you are asking what took so long! Well six months probation! I figure they had access to tamper with my case! Why not harass him more so he cant file suit on us! Thats why and what went through my mind!!!!
